

LANDSCAPE/WATER MANAGEMENT CLASS FOR THE LANDSCAPE PROFESSIONAL

This four-week Landscape/Water Management course is being offered free of charge, and is designed to extend the water management training you have already received. All classes can be taught in either English or Spanish and are designed to give you and your business the added ability to effectively demonstrate to your clients the ability to manage their water expenses.

As more and more cities, water districts, and property managers insist landscapers have the added training to effectively manage their water per a water budget, it is essential that you acquire these important skills.

Class size is limited, and space will be filled on a first-come first-served basis. Act now and take advantage of this free opportunity to gain valuable information on proper water management techniques.

Participants will receive:

- ◆ Course Materials in a Binder
- ◆ Hands on Instruction
- ◆ Refreshments Provided
